Horizon Japan International School is a not-for-profit educational institution that relies entirely on school fees to cover operating expenses. The school is subject not only to the cost pressures of operating in Japan but also to competitive forces in the wider international schools market. Parents should therefore anticipate a modest increase in tuition fees. Also, financial donations and/or other fundraising initiatives that help enhance school programs are gratefully accepted. Scholarships are granted to students whose parents are employed by companies that join our Corporate Contribution Plan. Please contact the Business Office for further information (businessoffice@horizon.ac.jp).

Tuition Fee

Non-refundable

Tuition fees cover all school-related expenses such as resources, instructional materials, and laboratory fees. It also includes daily educational materials, such as books, health check-ups, and day field trips. Each parent/guardian registering a student is responsible for all payments of school fees. All parents/ guardians are liable for payments on the due date whether or not companies assume responsibility for all or part of the fees. Kindly note that parents are responsible for all bank transaction fees and charges.

This is only applicable to students who need additional support to meet the standards of the mainstream classes. EAL Support Fee is required to be paid as long as the service is being received.

Additional Fees

Bus Fee

School bus routes are organized to offer the most convenient service possible. HJIS reserves the right to change routes and times during the school year as needed. Please note that we cannot guarantee bus service to all locations, so it is important to first check availability with Student Affairs, hjis@horizon.ac.jp. Note: HJIS is not obligated to provide bus service if a family's housing location is not within existing serviced routes. Please refer to the School Bus Rules and Regulations for details.

Overnight Trip Fee / Expedition Week

Expedition week trips are mandatory as they are an integral part of the educational program. The cost is not included in the tuition fees. Additionally, optional overnight trips may be offered, with costs to be paid separately. Pricing and payment deadlines will be communicated in advance for each trip.

Payment Policies

Returning Students

All students returning to HJIS for the following school year will receive their invoice in May. Invoices are payable on or before the due date(s) indicated on such invoice(s). Due to HJIS's open enrollment policy, we cannot guarantee a returning student's place after the payment deadline and HJIS may assign his/her place to a new student.

Withdrawal

If a student will be withdrawn during any term, the Admissions Office should be notified at least one term in advance, and parents are required to complete the withdrawal procedure before the last day of the next term's tuition payment deadline.

Refund

Even a day of attendance of a student in any of the terms will require full payment of tuition and maintenance fees for that term. Official transcripts and records are released only after all financial obligations have been met. HJIS will not reimburse any payments for a current term because of a student's absences, suspension or expulsion. Tuition and fees are not transferable to another student. Also, in the event of natural disasters or adverse weather conditions, school may be canceled, and no refunds will be provided for the affected days.

Delinquent Payments

In cases of financial delinquency, school policy prohibits class attendance and/or the release of grades, transcripts, or other records of attendance and performance and/or refuse re-enrollment for the following semester. Payments more than 5 school days past due are subject to a ¥1,000 late fee per every school day.

Late Enrollment

Attendance for any portion of a term will necessitate payment for the entire term for tuition, bus and any other fees.

Adjustments of School Fees

Tuition fees undergo annual reviews and may be subject to change. The school retains the right to review and modify fees at its discretion, without prior notification.

Corporate Contribution Program

Corporations and organizations that provide educational benefits to their employees are asked to consider participating in the Corporate Contribution Program, a potentially cost effective alternative to paying school fees, tuition and the Japanese individual income taxes on these educational benefits. HJIS Board of Directors wants all parents and organizations to be aware that tuition does not cover the full cost of educating a student at HJIS.

Consequently, tuition and fees would be significantly higher were it not for contributions and other non-tuition income. Therefore, your continued support of the School's voluntary annual fund is earnestly requested. For more information on how to make your contribution, please contact the school accounting office.

Payment Instructions

HJIS is using an automatic withdrawal system for school tuition and any other school-related payments. The payments must be made by enrolling with any Bank and arranging to have your child's tuition and fees payment automatically processed from your bank account. Your bank then implements "automatic payment processing," which simply means that your bank automatically drafts the agreed payment amount from the account you specify on a scheduled day. Admissions, Building Fund and Registration Fees and the first term School Fees should be made by bank transfer during the admissions process.

All accounts will be auto-withdrawal. All tuition and fees are automatically withdrawn on pre-scheduled dates (June 5th, October 5th and February 20th).

Payments should be made by bank transfer during the admissions process. Kindly note that, HJIS does not accept cash or credit card payments for tuition and fees.
